

Instructions for pupils week 2

Class teachers have set tasks on Hegarty maths. We are aware that Hegarty has recently been struggling with the volume of students trying to access the site at the same time, we suggest you try again at a different time but have also uploaded skills check sheets that you can be doing in your hegarty maths book.

Step 1 – go to <https://hegartymaths.com/>

Step 2 – click on student log in

Step 3 – Enter the school name

Step 4 – Enter your First name, last name and date of birth

Step 5 – Set your new password

Any students who experience difficulties logging on can email their class teacher using the school email system. Similarly students needing support with the work can email their class teacher or comment through the Hegarty Maths website and their teacher will respond as soon as possible.

Class teachers will monitor the work set and set new tasks accordingly.
